

WORLD SCIENCE FORUM 2017 JORDAN

Dear Dr Hanan Sa'adeh

It is our pleasure to invite you to join us at the World Science Forum 2017 (WSF 2017) which will take place from 7th to 11th November 2017 at the King Hussein Bin Talal Convention Centre at the Dead sea, Jordan, under the gracious Royal Patronage of His Majesty King Abdullah II Ibn Al Hussein of the Hashemite Kingdom of Jordan, and in the presence of the World Science Forum patrons, His Excellency János A. Áder, President of Hungary, and Her Excellency Irina Bokova, Director-General of UNESCO.

World Science Forum is a biennial gathering that was initiated in 1999 by the Hungarian Academy of Sciences and the United Nations Educational, Scientific and Cultural Organization (UNESCO), and is co-organised by the WSF partners; the International Council for Science (ICSU), the American Association for the Advancement of Science (AAAS), the World Academy of Sciences (TWAS), the European Academies Science Advisory Council (EASAC), the InterAcademy Partnership (IAP), and the Royal Scientific Society of Jordan (RSS). Over the course of seven conferences, WSF has evolved to become the leading gathering of our world's stakeholders of knowledge.

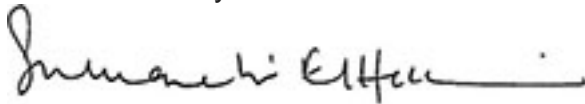

Under the theme of Science for Peace, the WSF 2017's programme will examine how science and science policy can improve lives, protect the planet, and build a durable and secure future for all of our world's citizens. WSF 2017 marks a new chapter as scientists, policymakers, academics, and stakeholders focus on the global challenges that define our age, including energy, food and water, social equity, education, climate changes, sustainable development, alleviation of poverty, and science and research.

To confirm your participation, please log into your personal space using the invitation you have received in email. Once you have signed in, please review the personal data we have on file for you.

We look forward to welcoming you to Jordan in November. Should you require any additional assistance, please visit our website at the worldscienceforum.org address and do not hesitate to contact the Secretariat of World Science Forum.

Yours sincerely,

Sumaya bint El Hassan

President, Royal Scientific Society of Jordan
Chairman, World Science Forum 2017
Co-Chair WSF 2017 Steering Committee

László Lovász

President, Hungarian Academy of Sciences
President, World Science Forum
Co-Chair WSF 2017 Steering Committee

Note: This invitation is personal and non-transferable. To nominate additional delegates from your organization, please contact the WSF Secretariat.
