

Institutional Support and Strengthening Program (ISSP)

February 18, 2013

Dear Business Colleagues,

The USAID/Jordan Institutional Support and Strengthening Program (ISSP) is pleased to invite you to the **“Water Valuation Results Workshop”** on **Monday, February 25, 2013** at Le Meridien Hotel from 10:00 a.m. to 13:15 p.m.

The purpose of the “Water Valuation Results Workshop” is to present the findings and results of the Water Valuation Study. This is one of the most comprehensive studies to date in Jordan to examine the value of water use in different economic sectors. As an example, the agricultural sector analysis determined water’s value in different uses, for producing different crops, production in different locations and for different markets.

I am pleased to invite you or your representative to participate in this workshop which will be led by Dr. Emad Karablieh and Ra’ed Daoud, the Water Valuation component Co-Team Leaders and chaired by Barbara Rossmiller, ISSP Chief of Party. An initial agenda for the workshop is attached for your convenience.

I look forward to receiving your confirmation of attendance and to welcoming you to this important workshop.

Kindly RSVP to Ms. Razan Kamal no later than COB on Thursday, February 21 either by e-mail at issp@ISSPJORDAN.ORG or by telephone at 06-5671184.

Sincerely,

Barbara Rossmiller

Chief of Party
